

SCARLXRD

Dark and intense rapper Scarlxrd started his quest for fame as a much goofier internet personality. He spent his early years posting humorous and lighthearted videos online, but turned toward powerful, distorted vocals and demonic instrumentals when he began rapping in 2015. His prolific output and shocking image would skyrocket singles like "Heart Attack," and "Chain\$aw" into platinum status. He released multiple new projects every year, working with Island Records for some albums, but opting for independent release for albums like 2021's DeadRising.

Scarlxd was born Marius Listhop in Wolverhampton, England in 1994. Prior to his music career, he acquired some fame in his late teenage years as a YouTube vlogger who went under the alias Mazzi Maz. After several years of his more and more popular YouTube presence, however, he deleted his videos and shifted gears toward a new image, working briefly with the band Myth City before starting the Scarlxrd project in 2015. Also known as Yung Scar, Listhop developed a sound that moved from dark trap atmospheres on early singles like 2016's "Girlfriend" to more explosive, metal-edged tracks like 2017's "The Purge" and "Heart Attack." A string of mixtapes surfaced with frequent singles.
